WHAT MAKES US DIFFERENT

FARMER-OWNED
TREETOP[®]
SINCE 1960

Farmer Grown, Farmer Owned Since 1960

Our Cooperative of 700 apple and pear farmers is committed to bringing fruit from local orchards to people across the country.

The Perfect Location

We're located as close to the fruit as can be – in the heart of Washington State's apple country, where the rich volcanic soil and dry climate create ideal growing conditions.

Quality is the Key Ingredient

We've built a reputation for excellence by controlling ingredients from orchard to shelf and tasting every batch for quality and consistency.

Decades of Expertise

For more than 60 years, we've been expanding our expertise and capabilities across numerous varieties to produce hundreds of different fruit ingredients and products.

Sustainability is at our Core

Our culture is focused on doing the right thing and being a good neighbor, that's why we constantly take steps to minimize food waste and operate more sustainably.
